

## **What my TOVA Mentor / Big Brother means to me**

Over the past nine years I had the opportunity to really understand what it means to have a mentor throughout all these years. Until this day he has such a positive effect in my life. He is someone that I have always looked up to in so many different ways. He has always been there for me when I needed someone. He always has advice to give. He always gives me the perfect push when I need it. I am so grateful to have someone like him in my life. I don't consider him my mentor anymore I consider him my brother. There are no words to describe my gratitude for everything he has done for me.
